250 Beautiful Lots For Sale!

A RARE CHANCE FOR AN INVESTMENT AND A HOME

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Avenue—Riverside Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

INSURANCE.

THE

MANHATTAN

Insurance Company.

Assets, \$12,000,000.

The history of the past has proven beyond a question that an endowment policy in a life insurance company is a much

BETTER INVESTMENT

Than a savings bank; FIRST, because it is very much safer—the law of the State of New York requires every life insurance company to keep a

Reserve in First-Class Securities

Equal to its liabilities, dollar for dollar; SECOND, in case of death while making these small deposits, the life insurance company will pay, just when most needed by the family, the

Full Amount

Of the sum insured, amounting to 10, 20, or even 30 times as much as has been deposited; or on the

Return Premium

Plan of the MANHATTAN, they would do even more than this, for they would at death pay the face of the policy and in addition all the deposits (premiums) paid, while the savings bank would only return the amounts actually deposited with interest. Who would not purchase a valuable piece of property—a farm for example—worth \$10,000, if he could have twenty years to pay for it, in small sums of \$300 per annum with interest on deferred payments and without any tax on it? The \$300 per year being only 3 per cent of the \$10,000—a sum not much greater than that paid annually for taxes on property in hand, of the same cost, and especially if he could have the further conditions specially stated in the contract, 1st, that if he dies while making these payments—even after one only has been made—

No Further Payments Shall be Required

And the full title in fee simple to the entire farm shall at once be given to his family; and 2d, that if at any time after the three years during the twenty years he shall be unable to continue the payments and from sickness or any misfortune, that then he could discontinue any further payments and have in fee simple each portion of the farm as he has paid for; thus, if one fourth of payments had been made, he would own one separate fourth of the farm, etc., and at the same time the farm be entirely free from all claims of creditors, under all circumstances, not even to be reached by writ of execution or attachment issued by any court, while if living to the end of the twenty years and the annual payments have been made, the

Entire Property in Fee Simple

is secured.

Now the MANHATTAN LIFE INSURANCE COMPANY offers all this and more, for instead of offering LAND on these terms, which is often eaten up by legal expenses and fees in case of the death of the purchaser, or swallowed up by a mortgage given to secure deferred payments, thus losing the whole amount paid in and leaving the family destitute, or dependent, it offers a

Specific Bond Secured by Millions

of First-Class Securities.

Agreeing to pay MONEY on the same terms and conditions as above—the cost per year varying at different ages, but otherwise substantially the same

terms as above stated, while the sum to be paid at the end of twenty years will be increased by dividends and compounded interest for the full term, thus making the investment a very PROFITABLE and ADVANTAGEOUS one.

Inquiries concerning the bonds of this company will receive prompt reply if addressed to
